

# Flexible Payment Plans

## How much Agility have you shown over the last year?

**We have all had to be flexible in recent times, adapting how we do business to suit an ever-changing environment. This includes changing our approach to recruiting.**

One of the biggest concerns companies have in using a professional recruiter is the commitment to fees, particularly if there is no guarantee the new hire will work out.

That's why we have introduced flexible payment plans.

It gives you more choice about how and when you commit to working with us. You still have access to the best talent, to our expertise, yet you can flex your client muscle when it comes to reducing risk and splitting fee payments.

**Choose from our three payment plans.**

Plan 1	Plan 2	Plan 3
15% Fee of annual salary	17.5% Fee of annual salary	20% Fee of annual salary
Split across 3 equal monthly payments	50% of fee payable of start date	Fee split across 12 monthly payments
If the employee leaves within 3 months you simply stop paying	Remaining 50% split across 12 monthly payments	If the employee leaves within 12 months you simply stop paying
	If the employee leaves within 12 months you simply stop paying	

Alongside our flexible payment plans, talk to the Agility team about advertising only campaigns and support with application screening for your recruitment ads. What drives us is providing you with recruitment support so that your business stays agile and in the best possible shape for success.

Contact Simon Hogg at Agility for free advice and consultancy aimed at developing your business through successful recruitment, retention and performance.
